railclick

One platform. All trains.

Rail distribution for travel agencies, tour operators and digital platforms.

2026

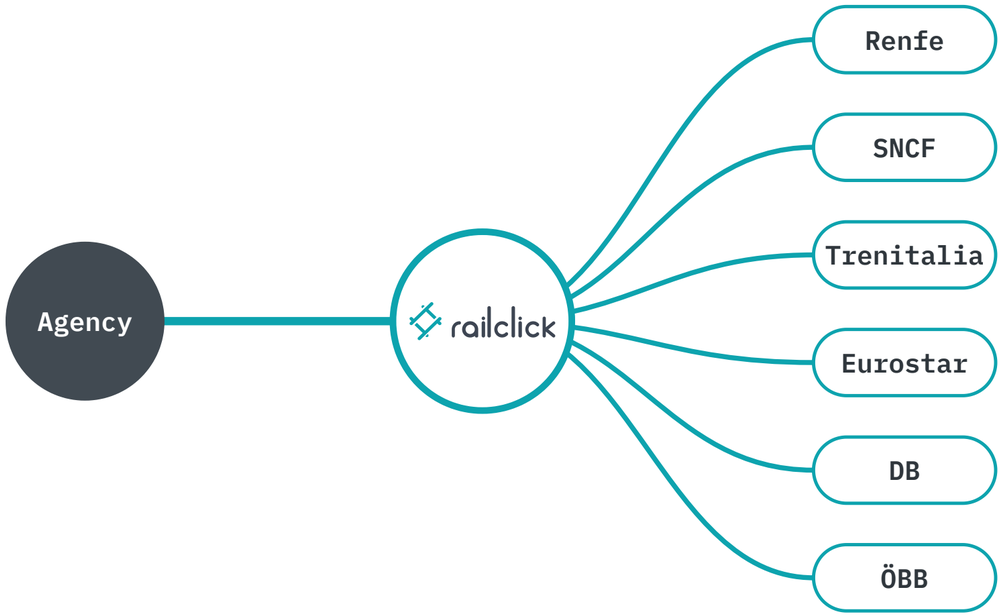

THE CHALLENGE

Selling rail shouldn't be complicated

Travel agencies and tour operators often face:

- Multiple railway operators
- Different booking systems
- Separate commercial agreements
- Fragmented operational management
- Complex integration processes

With RailClick: one contract, one access point, every operator behind it.

RAILCLICK

Distributing rail since 2001

WE ARE

Part of Global GSA

A company specialised in the representation and distribution of international rail products since 2001.

WE DO

Technology to sell rail

Solutions that let travel agencies, tour operators and digital platforms sell train tickets in a simple, efficient and profitable way.

MISSION

Global distribution

To facilitate the global distribution of rail products through scalable, easy-to-implement technology.

EVERYTHING YOU NEED

Everything you need to sell rail

- A single access point to multiple railway operators
- Fast implementation
- Web Portal, White Label or API
- International coverage
- Dedicated expert support
- Scalable solutions for any type of business

WHY TRAVEL BY TRAIN?

The product your customers are asking for

A sustainable alternative to air travel
